

# SHAMLO AMEER

Erbil, Kurdistan - Iraq | (+964) 770 070-7112 - (+964) 750 550-5348 | shamlooo@yahoo.com |

GitHub: shammllo Portfolio: <https://shamlo.vercel.app/>

Full-stack engineer - Quality Assurance Engineer

## WORK EXPERIENCE

---

*Full-stack engineer | Dec 2021 - March 2022*

**ONLINEGUARD - Sulaymaniyah, Kurdistan - Iraq**

- Aided the team in updating the company's website as well as developing front-end and back-end web applications. Reducing clerical errors internally and ensuring updates were done on time.
- Joining client meetings to learn about the development of project scopes and listening to clients' requirements.

*Full-stack engineer | March 2022 - July 2022*

**MEDIANT CORP, KURDIVIA - Erbil, Kurdistan - Iraq**

- Assisted in creating, testing, debugging, and implementing new software features.
- Aided the team in improving and optimizing the Kurdivia mobile app.
- Aiding in maintaining the performance of the app on high traffic.

*Scrum Master | May 2023 - Present*

**RIGT - Erbil, Erbil Governorate - Iraq**

- Leading Agile transformations by facilitating meetings and advocating for continuous improvement.
- Guiding teams through the Scrum framework, promoting transparency, and resolving impediments.
- Building relationships with stakeholders and discussing bottlenecks with the team to improve performance and clarity.

*Quality Assurance Engineer | August 2022 - Present*

**RIGT - Erbil, Erbil Governorate - Iraq**

- Implemented and maintained comprehensive testing strategies to deliver high-quality products.
- Experienced in various testing methodologies, automated testing tools, and defect tracking systems.
- Collaborated with cross-functional teams to identify and address quality issues throughout the software development life cycle.
- Led the release process of newly tested applications to production, ensuring seamless deployment and adherence to quality standards.
- Maintained and optimized test environments to support ongoing testing and quality assurance efforts.

## PROJECTS

---

*Covid-19 Tracker, HTML, SCSS, JavaScript*

- Developed a Covid-19 tracker website to track the new pandemic Covid-19 virus outbreak live worldwide, with visualization of graph, table, and map. Alongside data updating around every 20 min.  
<https://covidvirus-tracker.netlify.app>

### *Covid-19, Next.js and TypeScript*

- The recreated version of Covid-19 tracker project using Next.js, TypeScript, Redux state management, showcasing graph, table, vaccine information, map, and data updating rapidly, <https://covidvirus-tracker.vercel.app>

### *Instagram Clone | underdevelopment*

- This is my current project under development, creating an Instagram clone, using Scss, Next and TypeScript for front-end and TypeScript, Node, Nest, MongoDB, Prisma, Redis, and web socket for the back-end app.

## KEY SKILLS

---

### **TECHNICAL:**

- HTML, CSS, SCSS, JavaScript, TypeScript
- Node.js, Express.js, Nest.js
- Web socket, Kafka
- Jest unit, end to end, and integration testing
- Process Improvement
- Handling Technical Ambiguity
- Project Initiation
- Crisis Control
- React, React Native, Next, Redux state management
- MongoDB, Mongoose, Prisma, Redis, Postgresql
- Git version control system, and Linux os
- Demonstrable ability to learn and adapt
- Cause and Effect Identification
- Process Improvement
- Risk Management

### **PROFESSIONAL:**

- Tenacity
- Diplomatic
- High EQ (Emotional Intelligence)
- Market Smart
- Adaptation
- Critical Thinking
- Helicopter View
- Strategic Overlook
- Tactful Thinking
- Customer Relationship Management
- Change Management
- Preservation
- Versatile Researching Methods

## EDUCATION & TRAINING

---

**Cihan University - Sulaymaniyah**  
**Computer Science Department.**

- B.A in Computer Science

## LANGUAGES (CEFR) LEVELS

---

- English (Fluent/ Efficient) – A1
- Kurdish (Fluent/ Efficient) – A1

## INTERESTS & HOBBIES

---

- Interest in learning new technologies.
- Evolving my coding skills, enriching my knowledge.
